

FAJAR AL BIDAYA INTERNATIONAL CO LLC

About Fajar Group

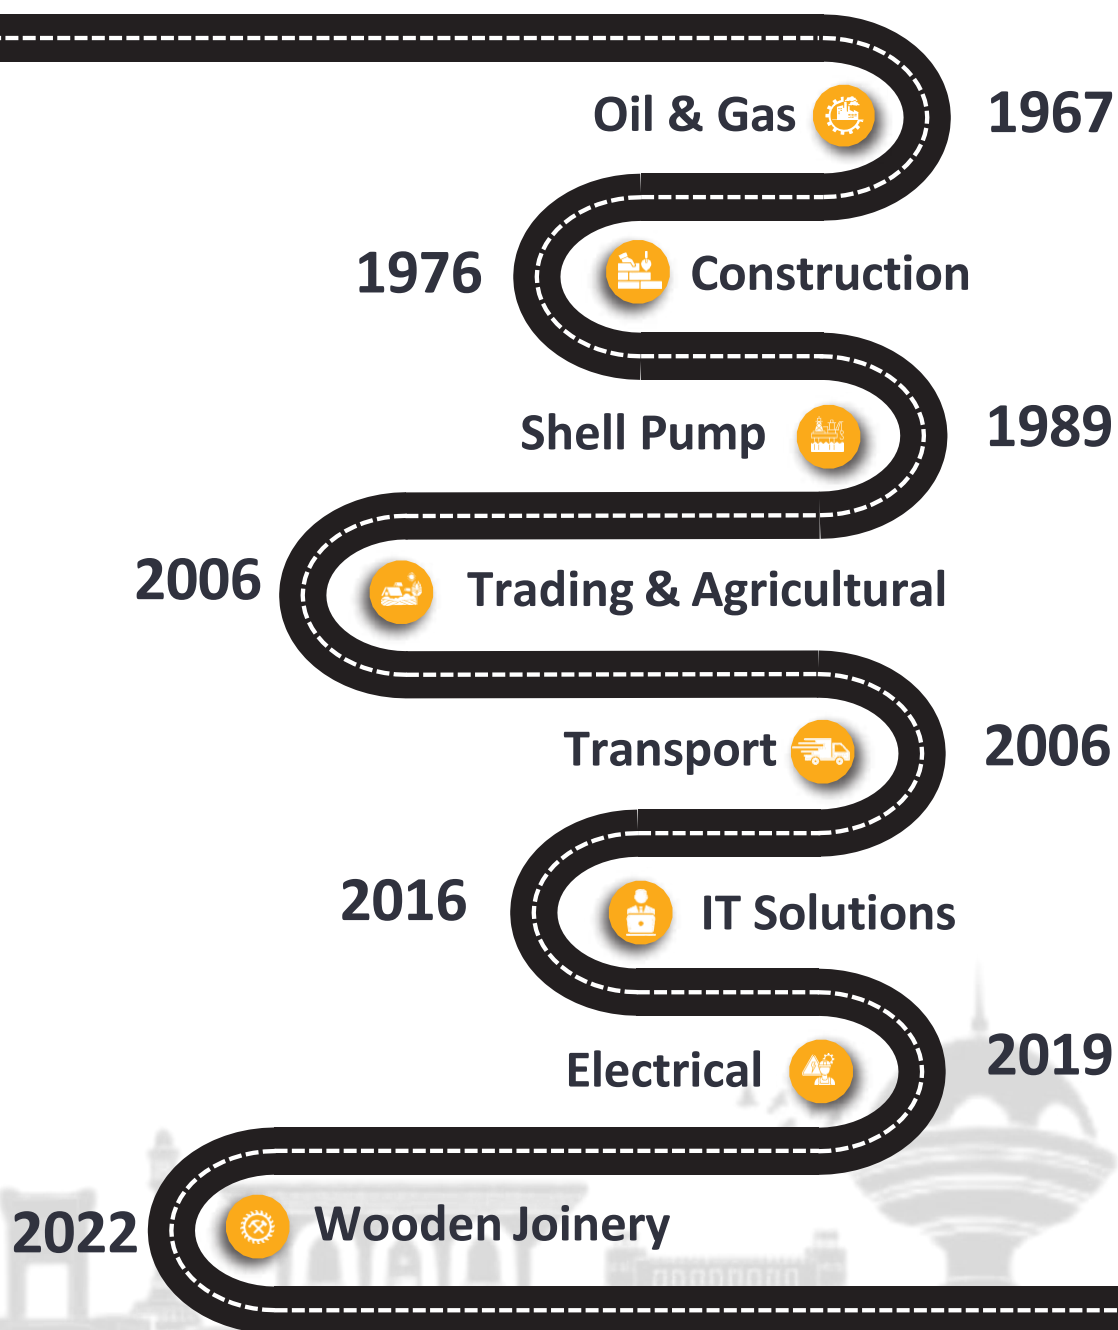

Fajar group of companies that have been established since 1967 in the field civil construction, oil & gas, real estate, electrical, ELV, artificial intelligence and information technology has a long and illustrious history. The group's commitment to excellence and innovation has helped us to establish ourselves as a leader in the industry, and we have become one of the most trusted and respected names in the business.

The group's journey began in 1967, when we started out as a small construction company, primarily involved in building residential and commercial buildings. However, over time, the group diversified its operations and expanded its offerings to include Oil & Gas, Electrical and Artificial Intelligence (Ai) Information Technology (IT) services.
